Domain Experience: Travel Booking Websites (Flights, Hotels, Cruises, Car Rentals), Hospitality and Travel SaaS, eCommerce, Corporate Websites

Design Tools: Figma, Adobe Photoshop, Adobe XD

Tools: Git (practical working knowledge); ChatGPT, Gemini, Copilot (AI-assisted development)

PROFESSIONAL EXPERIENCE

Webvio Technology Pvt. Ltd. | HTML Developer

May 2026 - Present | Kolkata, India

- Develop campaign websites and landing pages using responsive HTML5 and CSS3, with JavaScript and jQuery interactive elements.
- Implement UI/UX designs and build the complete front-end UI of travel booking websites for flight, hotel, cruise and car rental services, including search sections, booking page layouts, navigation and forms.
- Make website-wide UI modifications and improvements, and maintain responsive layouts and cross-browser compatibility across desktop, tablet and mobile.
- Develop the front-end of Syncinns, a B2B hospitality and travel technology SaaS platform, using HTML, CSS, JavaScript and Bootstrap.
- Collaborate with developers on larger travel technology projects, using Git for version control.

CodeClouds IT Solutions Pvt. Ltd. | Design Executive

May 2022 - Feb 2026 | Kolkata, India

- Built 120+ responsive websites using HTML5, CSS3, SCSS, JavaScript, jQuery and Bootstrap, converting Figma and PSD designs into cross-browser compatible pages.
- Provided Shopify and WordPress front-end support, including HTML/CSS customization, UI modifications and design implementation, alongside developers on complete projects.
- Customized checkout page UI using HTML/CSS on in-house checkout platforms (UnifyCheckout and CheckoutChamp).
- Worked on a React.js frontend project involving API data fetching and dynamic data rendering, using AI-assisted development support.
- Designed 2 eCommerce flows in Figma and built interactive demos with HTML, CSS, JavaScript and React.js for internal review.
- Performed page cloning, rebranding and layout customization, with basic Photoshop and Figma edits.

Webskitters Technology Pvt. Ltd. | Web Designer
Dec 2020 - May 2022 | Kolkata, India

- Delivered 180+ custom websites using HTML5, CSS3, JavaScript, jQuery and Bootstrap, ensuring responsive, cross-device compatibility.
- Provided design and front-end code support for Squarespace, Shopify and WordPress websites.
- Built dashboard UI with JavaScript features and researched solutions for complex functionality.
- Contributed UI updates and graphic edits using Figma and Photoshop.

HIH7 Webtech Pvt. Ltd. | HTML Developer
Jan 2019 - Nov 2020 | Kolkata, India

- Contributed to 60+ projects using HTML, CSS, JavaScript, jQuery and Bootstrap with responsive design, plus WordPress front-end support.
- Researched and resolved implementation challenges on a React Native front-end project.

Italgacha Youth Computer Center | Computer Teacher
Jan 2016 - Jan 2019 | Kolkata, India

- Taught Basic Computer and Web Design (MS Office, DTP, HTML, CSS, Bootstrap, basic JavaScript/jQuery) to school-level students across WB, CBSE and ICSE boards.
